Dear Mr. President, Honorable Speaker Pelosi, Honorable Majority Leader McConnell:

Thank you for your leadership in the negotiations and consideration of the U.S.-Mexico-Canada Agreement (USMCA), which will serve as an update for the North American Free Trade Agreement (NAFTA).

As a member of the Washington State Legislature, I represent a district populated by over 136 thousand people. My constituents, many of whom are farmers and ranchers, are dependent upon foreign trade. With \$86 billion in yearly exports, we are the most trade dependent state in the nation.

This week I received a set of signatures from many of the most productive farming and ranching interests in Washington state. The names on the list represent not just individuals, but millions of dollars' worth of overseas trade. These entities serve as the backbone of the Washington state billion dollar agricultural economy. As a group, they are calling for expeditious ratification of the USMCA by Congress to ensure continued free, fair, open and mutually beneficial trade with our northern and southern border neighbors.

We believe the USMCA is one of the most important agreements for the economic viability of Washington state. Continued, uninterrupted trade with Canada and Mexico is vital to Washington state's economy and to the jobs that support thousands of our citizens and their families. Our state has much to lose with any hesitation of ratification because we are so dependent upon foreign trade.

Respectfully,

A handwritten signature in black ink that reads "Mary Dye".
